

Recommend family and friends campaign

MacLeish Littlestone Cowan, expanding Essex and Hertfordshire solicitors have just launched a Spring campaign '**Recommend family and friends**' to promote new business as part of a wider new business drive.

Effective immediately, any client, family or friend of the firm who recommends a new client will be entitled to receive a thank you **Marks & Spencer voucher worth £25**. Some simple conditions apply but the Spring campaign is intended to increase recommendations from clients, family and friends and thank them for their effort.

Partner Brian Cowan who is leading the campaign commented *"Recommendations and referrals from existing clients, friends and family of the firm provide an important source of new business for us. We wish to encourage more recommendations and the campaign will enable us to provide a token of appreciation."*
